CONNECTICUT TO RECEIVE CREDIT IN NEXT DRAFT

Hartford, Oct. 30.—Connecticut will
receive credit on the next draft for
the excess of men taken in the first
draft because of the inaccurate esti-
mates of population and will be as-
signed its second quota on a fair basis
if it is possible for Provost Marshal
H. M. Crowder to bring about the
necessary changes in the draft sys-
tem followed by the federal govern-
ment.

This was General Crowder's prom-
ise to Governor Marcus H. Holcomb
when the state's chief executive saw
him in Washington last week. In
every particular, General Crowder
conceded the justice of Connecticut's
claim for relief from the excessive
number of men taken in the draft un-
der the estimates of population upon
a statement given out today by Gov-
ernor Holcomb through the Connecti-
cut State Council of Defense.

Governor Holcomb and Hon. Homer
S. Cummings, a member of the Con-
necticut State Council of Defense, had
a conference with President Wilson
last Wednesday, concerning the ex-
cessive quota assigned to Connecticut
by reason of predating its estimat-
ed population upon the registration
figures.

The President seemed somewhat fa-
miliar with the situation in this state
as a result of the protests which had
already been forwarded by both the
governor and the state council of de-
fense, Governor Holcomb said.

MANY NEW WAR TAXES BECOME EFFECTIVE TOMORROW UNDER THE NEW REVENUE ENACTMENT

Theater Tickets, Freight Transportation, Passenger
Fares, Pullman Tickets, Telegraph and Telephone
Messages Must Contribute to Revenue.

Washington, Oct. 31.—This is the
last day of grace from any new war
taxes.

With the exception of increased let-
ter rates and tobacco taxes which go
into effect Friday, the special stamp
taxes on documents, legal instruments
and parcel post packages which go
into operation December 1, all special
taxes begin to apply at midnight to-
night. They include:

One cent on each dime paid for
amusement admissions.

Three per cent on payments for
freight transportation.

Eight per cent on passenger fares.

Ten per cent on payments for Pull-
man and similar accommodations.

Five per cent on oil pipe line trans-
portation.

One cent for each 20 cents or frac-
tion paid for express packages.

Five cents on each telegraph, tele-
phone or radio message costing fifty
cents or more.

Various taxes on cigars, cigarettes,
tobacco and products.

Ten per cent on club dues.

Eight cents on each \$100 of new
life insurance and one cent on each
dollar of fire, marine, casualty and
other insurance policies.

Although the tobacco taxes, do not
become operative until Friday many
dealers have already advanced the
retail prices in anticipation of the
tax levies. Other taxes of the new
law, including those on hard and soft
drinks, incomes and war-excess pro-
fits, have been in effect since the law
was approved October 3, but in indi-
rect form.

On December 1, the new stamp
taxes, including those on parcel post
packages, will be payable, putting the
entire law into complete operation,
except for increased rates on second
class mail, postponed until July 1
next.

Increases in first class mail rates
probably will be most generally felt
by the people. The law provides that
the postage on letters, except "drop"
or local letters, shall be 3 cents; and
that on post-cards, including private
mailing cards, shall be one cent more
than heretofore. This increase in-
cludes so-called picture postcards.

The advances were made effective
thirty days after passage of the law,
and are construed by the post office
department to begin with letters and
post-cards postmarked Nov. 2.

The increases also have been ex-
tended by department order to first
class mail to many foreign countries,
which, under postal conventions, have
enjoyed the domestic rates. The new
3-cent letter rate, therefore, will ap-
ply to letters to Canada, Cuba, Mexico,
Panama, England, Ireland, Scotland,
Wales, the Bahamas, Barbadoes, Brit-
ish Guiana, British Honduras, Santo
Domingo, Dutch West Indies, Lee-
ward Islands, Newfoundland and
New Caledonia. The postcard increase
will extend to Canada, Cuba, Mexico

and Panama, the only countries
which have enjoyed the domestic
post-card rate.

For consumers' convenience, books
of postage stamps containing cent
stamps are in readiness for sale and
the department has printed thousands
of 2-cent post-cards. First class mail
postmarked tomorrow or any time
prior to 12:01 a. m. Nov. 2 regardless
of time for delivery, will be trans-
mitted at the old rates but that post-
marked thereafter must pay the in-
creased toll.

Amusement admission taxes be-
come effective tomorrow at places
charged; more than 10 cents. They
are 1 cent for each ten cents or frac-
tion paid for such admission, payable
by the person admitted but collected
by the government from the amuse-
ment proprietor, required to make
sworn returns to the treasury.

A flat tax of 1 cent for each child
under 12 admitted when children are
charged also is provided. Passes also
are taxed, except those to bona fide
employees, municipal officers and
children under 12, at the regular rate,
which also is extended to cabarets or
other entertainment in which the ad-
mission is included in the price paid
for refreshment, merchandise or ser-
vice. Persons leasing theatre boxes
must pay ten per cent on their rental.

The new rates on cigars range from
25 cents to \$7 per thousand and on
cigarettes from 80 cents to \$1.20 per
thousand. Five cents a pound is the
new tax on tobacco, snuff and other
manufactured tobacco, while cigar-
ette papers are taxed from 1-2 cent
to 1 cent per hundred. As the taxes
are now reaching the ultimate con-
sumer, the rates mean about 1 cent
more on five cent tobacco packages,
from 2 to 5 cents on cigarette pack-
ages and from 1 to 10 cents on cigars.

The taxes on freight and passenger
transportation are also extended to
motor vehicle competitors of steam
and electric railways and water lines.

The passenger transportation tax is
not applicable to fares costing 35
cents or less of commutation or sea-
son tickets for trips less than thirty
miles. Payments for services render-
ed by the federal and state governments
are exempt from taxation.

The ten per cent tax on Pullman
accommodations is applicable to pay-
ments for seats, berths, and state-
rooms, in parlor and sleeping cars or
on vessels.

The 5-cent tax on telegraph, tele-
phone or radio messages costing 15
cents or more applies only to those
originating in the United States.

Clubs whose dues are less than \$12
year and fees to lodges are exempt
from the 10 per cent tax on club
dues.

The new insurance taxes are im-
posed on new policies issued, with
reinsurance policies exempted. Indus-
trial or weekly-payment policies are
taxed for per cent, on the first pre-
mium on policies for \$500 or less.

The comment on the wheat pros-
pect doubtless was warning of how
the South American nation might aid
the Entente.

It is thought here that there may
be some additional message which
makes the German designs against
South Brazil still more clear, but the
message of August 4 is considered
ample to have aroused the ire of the
Brazilian Foreign Minister, and little
wonder is felt here that the Argen-
tine newspapers demanded, following
the Brazilian Minister's statement,
that either Argentina make the Lux-
burg dispatches regarding the situa-
tion public or else authorize a foreign
government to do so.

The dispatches made public yester-
day are from the number sent to the
Argentine and Brazilian governments
by the State Department and not from
the dispatches sent to Argentina by the
Argentine Republic to be decoded. There
has been some surprise in Adminis-
tration circles that the dispatches
have not been made public in South
America.

The following statement was issued
by Mayor Clifford B. Wilson today:
"Information has reached me that
there are hundreds of thousands of
women and children in Armenia, Syria
and Palestine on the verge of starva-
tion and in dire distress. In view of
this deplorable condition and as
means of alleviating the terrible suf-
ferings of these sorely afflicted peo-
ple, it has been decided to designate
Saturday and Sunday, Nov. 10 and 11,
as Armenian and Syrian relief days.
All contributions and subscriptions
made on the above days will be de-
voted to the relief of these peo-
ple."

LUXBURG URGED U-BOAT SAVE FOR BRAZILIANS

Told Berlin Mailed First
Would Convince "Thinly
Veneered Indians."

Washington, Oct. 30.—Brandishing
the German mailed fist in South
American waters by a squadron of
Hun submarines was urged by Count
Luxburg, late minister to Argentina,
in a dispatch, dated July 7, sent to
his government, which was made pub-
lic by Secretary of State Lansing yester-
day in this statement:

In view of the fact that the sub-
stance of certain telegrams addressed
by Count Luxburg to the German
Foreign Office has been published, the
Secretary of State makes public the
actual text of the telegrams:

"On 28 July 1917. Our attitude
toward Brazil has created the impres-
sion here that our easy-going good
nature can be counted on. This is
dangerous in South America, where
the people under thin veneer are In-
dians. A submarine squadron with
full powers to me might probably
still save the situation.

"I request instructions as to whether
in the event of a rupture of relations
legation is to start for home or to re-
move to Paraguay or possibly Chile.
The naval attack will doubtless go
to Santiago de Chile. (Signed Lux-
burg.)"

"No. 89, August 4, 1917.—I am con-
vinced that he shall be able to carry
through our principal political aims
in South America, the maintenance
of an open market in Argentina and
the reorganization of South Brazil equally
well, whether with or against Argenti-
na. Please cultivate friendship with
Chile. The announcement of a visit
of a submarine squadron to salute the
President would even now exercise
decisive influence on the situation in
South America. Prospect excellent for
wheat harvest in December. (Signed
Luxburg.)"

Secretary Lansing would make no
further comment on the telegrams.
There is no official confirmation that
the reference to the "reorganization
of South Brazil" was what was meant
by the Brazilian Foreign Minister
when he said, according to dispatches
from Buenos Ayres, two days ago,
that one of the Luxburg messages
mentioned a plot to invade Southern
Brazil.

The text given out yesterday, how-
ever, indicates that the dispatch, prob-
ably just before the sending of the
message, there had been a Ger-
man plot to array Argentina against
Brazil, with a view to discounting
Brazil's growing anti-German attitude.

From the text of the message it is evi-
dent that the Southern Brazilian
provinces, in which there are so
many Germans that there was fear of
civil war because of the government's
anti-German attitude, was to be en-
couraged to revolution and was to be

aided by Argentina. The dispatch of
August 4 indicates that although the
chance of having Argentina take a
hand was rapidly failing, the "reor-
ganization" or revolution might be
carried out anyhow. But Argentina
might still be coerced into playing
the German game by a fleet of sub-
marines making a proper demonstra-
tion under the guidance of Count
Luxburg.

The comment on the wheat pros-
pect doubtless was warning of how
the South American nation might aid
the Entente.

It is thought here that there may
be some additional message which
makes the German designs against
South Brazil still more clear, but the
message of August 4 is considered
ample to have aroused the ire of the
Brazilian Foreign Minister, and little
wonder is felt here that the Argen-
tine newspapers demanded, following

DRINK MORE MILK

FOOD IS AMMUNITION

SAVE THE MEAT and WHEAT
for the Boys in the Trenches"
AND DRINK MORE MILK

The above has become a National slogan of the
food conservation committee—in the present
food crisis. Every American is urged and be-
sought to eat less meat and less wheat, because
our vast army now in the field must be main-
tained.

It is Therefore, a Patriotic
Duty of Every One at Home
to Conserve These Solids

The easiest and most economical way to accom-
plish this end is to drink MORE MILK because
MILK IS CHEAPER and BETTER for the
human body than meat.

By drinking MORE MILK you can do your
duty to your country—you can save money—
and above all else you'll enjoy better health.
